DURA PRODUCTS

ABOUT US

Backed by 80 years of experience in flow control technology, Dura Products pairs innovative engineering with unmatched service and support to maximize efficiency and minimize downtime.

Expertly designed and thoroughly field-tested, our products deliver the durability, precision, and performance that today's industry demands.

We are a proven custom-tailored solutions partner, dedicated to keeping our growers operation running smoothly, season after season.

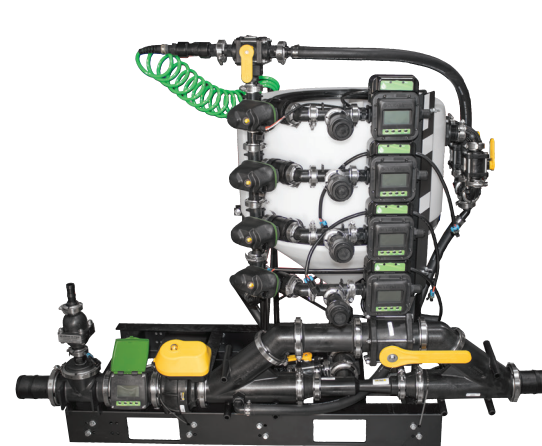

- The industry's fastest sprayer fill system, giving you one more load and up to 100 extra acres each day during critical spraying windows.
- Receive payback in as little as half a season.*

BEST FOR GROWERS:

Who know that the fastest loading system allows for more acres sprayed per day and more timely applications.

*Scan for ROI Calculator

- Achieve up to 50% faster sprayer refill times compared to most mixing systems, letting you cover more acres in less time.

BEST FOR GROWERS:

Who have minimal space and want a simple auto-batching closed system to draw directly from chemical totes.

- Enhance and speed up your existing sprayer cone system by up to 75%.
- Achieve the fastest sprayer fill system by including an Auto-Batch™ High-Flow Meter Carrier System with Bluetooth® wireless connectivity.

BEST FOR GROWERS:

Who have a newer cone setup they want to enhance and speed up.
